“There are as many as 2,07,000 temples in Karnataka & the total income of these temples amounts to 72 crores. Out of this, only a sum of 6 crores are being spent by the Government for their upkeep. On the other hand, the Govt. spend a phenomenal amount of Rs 50 crores for the madrassas & Rs 10 crores for the churches (from Govt. funds). 50,000 of the temples will be closed in next 5 years for want of funds.-- Sri Sri Ravi Shankar, 2003

Temples in India are under Government control. Only 18% of revenue generated is given back to temples and 82% used at Governments discretion. Looting, massive sale of temple lands at throw away prices, demolition, illegal encroachments is occurring all over South India.

Funds are used for awareness campaigns. Kamal Kumar Swami of GHHF walked 3500 Kms (padayatra) visiting temples in hundreds of villages bringing awareness to more than a million people. It culminated at Tirupathi in Jan 2008 attended by 12,000 and was covered extensively in the media. Currently he is on 2nd padayatra for 5000 Kms bringing awareness to 10 million, culminating at Tirupathi on Feb 16, 2009 that is expected to be attended by **saints such as Sri Sri Ravi Shankar and Swami Dayananda Saraswati.**
